Electronic Veterinary Experience (EVE)

North America's Choice For Online Claims Processing Service For Pet Insurance

Specifically designed for veterinary clinics, EVE improves the efficiency of claims processing by offering real-time, online claims processing leading to faster payment and the elimination of tedious paperwork. Plus, EVE and EVElite allow for the FREE, online registration of 24PetWatch microchips in the 24PetWatch Lost Pet Recovery Database – no mail, no wait, no registration card required.

Save Time and Money

- Reduce paper usage and clutter
- No software installation required
- Use your existing internet connection

Improve Efficiency

- Facilitate next-day payment for services provided
- Decrease administrative time filing pet insurance claim forms
- Register 24PetWatch microchips onsite for better pet protection

Enhance Client Relationships

- File claims and receive real-time, online adjudication
- Claims payable through EVE mean clients are only responsible for their deductible, co-payment, and excluded items thereby reducing upfront payments
- For claims that cannot be immediately processed, EVE prints pre-filled claims forms for pet owners prior to leaving the hospital, eliminating the need to return for additional information
